## PLAN THE PEARL

We are excited to advance the renewal of our Municipal Plan and the creation of a new Integrated Transportation Plan. Municipal Plans are like blueprints for shaping our city's future.

This updated Municipal Plan will be our roadmap for the next decade, guiding how our city grows and develops. We are revisiting our development regulations to embrace opportunities for innovative housing, business growth, and evolving transportation needs.

### **Here's what we are focusing on:**

- New zoning for higher-density areas, single lots, and redevelopment.
- Public transit improvements.
- Public parking requirements.
- Changes to rules around building height, the distance of dwellings from the lot's perimeter, and square footage.

These focus areas will drive transformative change over the next four years and beyond.

Thank you to everyone who completed the survey and attended the town hall. On the next page, you'll find highlights from our Plan the Pearl Community Survey. Visit [heimountpearl.ca](https://www.heimountpearl.ca) to learn more, share your ideas, and help shape our city. The future starts here!

## WINTER IN MOUNT PEARL

Winter in Mount Pearl is pure magic. Whether it's the Frosty Festival, snowshoeing on the T'railway or our exceptional snow clearing, city staff always have your safety top of mind. This guide will help you stay informed so that you can embrace the winter season and enjoy all that Mount Pearl has to offer.

## SNOW CLEARING REGULATIONS

Mount Pearl residents are reminded to follow snow clearing regulations to ensure a smooth winter season for everyone:

- **No Street Parking:** From December 1 to March 31, vehicles are not allowed to park on city streets between 1:00 AM and 8:00 AM.
- **During a Storm:** No parking is permitted on streets while snow or ice is falling, and for 12 hours afterward.
- **Shoveling Snow:** Keep driveways and parking lots clear, but remember not to shovel or plow snow onto streets, sidewalks, or carriageways.

These rules help ensure the city's snowplows can operate safely and efficiently. Non-compliance may result in fines, so be sure to check the full regulations.

## SNOW PLOW TRACKER

Curious about when your street will be cleared? The Mount Pearl Snow Plow Tracker is here to help! This interactive tool lets you track city snowplows, allowing you to see where they've been in the last 2, 4, 12, and 24 hours. Think of it as your personal snow-clearing GPS.

Visit [mountpearl.plowtracker.com](http://mountpearl.plowtracker.com) to track our plows.

## WEATHER INFORMATION CENTRE

Stay ahead of winter storms with the Weather Information Centre.

This resource offers tips on storm preparedness, links to local authorities, and up-to-date information on closures and service disruptions.

For more details, visit:

## WINTER TRAILS

Winter is no reason to stay indoors!

The city grooms parts of its trail system for walking, snowshoeing, and cross-country skiing, giving residents a chance to enjoy a beautiful winter wonderland.

## MAILBOXES

If snow piles up around your mailbox, making it hard to access your mail, don't worry!

You can create a service ticket with Canada Post by visiting their **website** or **calling 1-866-607-6301**.

## WINTER DAMAGE

If your property is damaged by city snow-clearing equipment, you can submit a request for repairs online.

Keep in mind that the city doesn't repair damages caused by large amounts of snow or damage to structures within residential yards.

# SAFEY SNOWPLOW'S

## SAFETY TIPS

Safey Snowplow says the best place to build snowmen is in your backyard! Here are some more reminders to stay safe this winter:

- Stay away from roads
- Snowplows are *huge* and take longer to stop, so give them plenty of space
- Wear bright clothes so drivers can see you easily
- If you get cold or wet, take a break inside to warm up
- Slide one at a time and always sit or kneel, facing forward
- Play in the snow with a friend and keep an eye on each other

## MUNICIPAL ENFORCEMENT

Our Municipal Enforcement Team is steadfast in their commitment to addressing, identifying, and investigating violations of regulations in Mount Pearl. They cooperate and collaborate with the RNC when a crime occurs in our city and facilitate the Neighbourhood Watch Program to encourage residents to contribute to a secure community. ## AMPLIFYING VOICES

In 2024, the City of Mount Pearl has strengthened its commitment to historically underserved communities through two significant declarations: the Declaration of Support for the 2SLGBTQIA+ Community in July and the Declaration in Support of the Rights of Indigenous Peoples in September.

These declarations demonstrate our dedication to implementing meaningful changes, developing inclusive policies, and amplifying the voices of both communities. As a city that prioritizes positive change, acceptance, learning, and growth, we are creating safe spaces where our Indigenous and 2SLGBTQIA+ communities can actively participate in shaping events, programming and more.

## INCREASING HOUSING SUPPLY

Mount Pearl's partnership with the Canadian Mortgage and Housing Corporation continues to boost our city's population density through the Housing Accelerator Fund.

This initiative aims to create more housing options, benefiting not only landowners and developers but our entire community.

Additionally, the Housing Accelerator Fund enables the city to offer a range of incentives and reduced permit fees to encourage housing development. As part of this program, developers can receive up to \$100,000 per project upon completing high-density housing units.

With a goal to optimize existing spaces, and to redevelop underused land, we are already halfway to reaching our target of adding 386 units over three years! The word is out! Mount Pearl is the place to be!

# Come to Life

## SHOWCASING MOUNT PEARL'S VIBRANT COMMUNITY

In the last edition of The Pearl Pulse, we introduced Come to Life, our resident attraction campaign highlighting what makes Mount Pearl such a special place to call home. You may have noticed this theme was woven throughout this guide, as we believe it perfectly captures everything our city has to offer.

Our residents already know Mount Pearl as a vibrant, welcoming place where people can thrive, whether they're living, working, or building a business. Now, we're sharing that message with the world, inviting others to discover the opportunities here—where they too can Come to Life.

We're proud to share that the Come to Life campaign has been embraced far and wide, even winning three Marketing Canada Awards from the Economic Developers Association of Canada (EDAC). It's a testament to the spirit of our city and the pride we all share in calling Mount Pearl home.

## ORGANIC YARD WASTE COLLECTION

Once the snow melts, yard maintenance begins! We’re going green with organic yard waste bags. In 2024, the city launched a new Organic Yard Waste Collection Program.

By placing grass clippings in compostable paper bags, you can help save the city thousands of dollars in tipping fees each year. That’s money we can put back into maintaining and improving city services!

Grass clippings should not be put in garbage carts and must be placed in compostable paper bags.
